

All belong, all achieve.

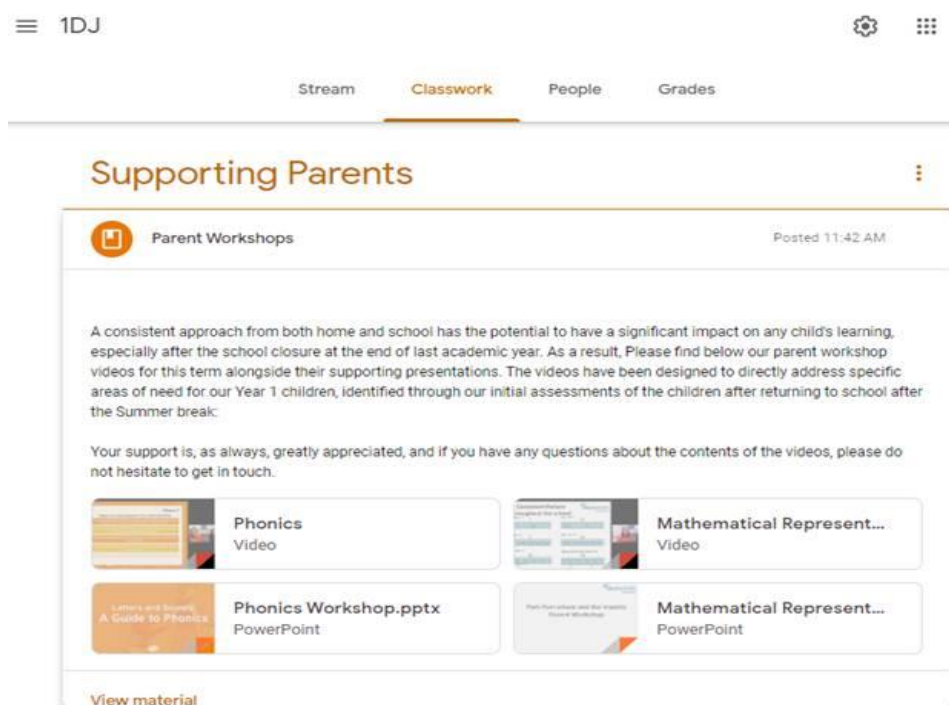

Monday 7th December 2020

Dear Parents/Carers,

At Heber, we want all parents to be involved in their children's learning and we want to support this whenever we can.

Teachers have identified key areas of focus for each year group and have produced practical, parent workshop videos to guide parents in supporting their children's learning at home. A consistent approach from both home and school is essential for ensuring that children achieve their potential. Your part in supplementing the school's work plays a key role in that and these workshops are a fantastic way of demonstrating how concepts and strategies are taught across the school.

The videos and supporting materials can be found in your child's Google Classroom, under 'Classwork' and the topic 'Supporting Parents'. Please note, Reception workshops took place earlier in the term so we will aim to organise new workshop videos in the Spring Term.

We hope you find the videos useful. We would like to offer more Parent Workshop videos in the future, so please let us know if there are any additional topics which would be useful. If you need any
